If Silberstein, Awad & Miklos' approach to the practice of law were summed up in a closing argument in court, it might be, "Let the people decide." Joseph Awad, a leading partner, is confident that the people—the jury—will always get it right.

Holding true to this trust in the jury,

the firm has successfully prosecuted thousands of serious personal injury and medical malpractice cases, earning a Tier 1 ranking in New York City for both Plaintiffs' Medical Malpractice Law and Personal Injury Litigation by *U.S. News - Best Lawyers* "Best Law Firms" for 2015.

As trial attorneys and appellate

advocates, Awad and partner Joseph Miklos—who have both been included in *The Best Lawyers in America*—view their team's work as improving safety in a range of enterprises, from hospitals to construction sites, while providing clients with free consultations, financing for meritorious cases, and access to the

finest medical and scientific minds.

"Unfortunately," Miklos says, "a victim seeking redress will get nowhere on his or her own. Only in a civil court of law, with the representation of dedicated counsel, can an individual achieve a level playing field. Our clients' lawsuits share the safety concerns of our juries."
