SILBERSTEIN, AWAD & MIKLOS, P.C.

If Silberstein, Awad & Miklos' approach to the practice of law were summed up in a closing argument in court, it might be "Let the people decide." Joseph Awad, a leading partner, is confident that the people—the jury—will always get it right.

Holding true to this trust in the jury, the firm has successfully prosecuted thousands of

serious personal injury and medical malpractice cases, earning a Tier 1 ranking in New York City for both Plaintiffs' Medical Malpractice Law and Personal Injury Litigation by *U.S. News - Best Lawyers* "Best Law Firms" for 2017.

As trial attorneys and appellate advocates, Awad and partner Joseph Miklos—who are included in *The Best Lawyers in America*—

view their law firm's work as improving safety in numerous enterprises, from hospitals to construction sites, while providing clients with excellent lawyering, financing for meritorious cases, and consultation with the finest medical and scientific minds.

"Unfortunately," Miklos says, "a victim seeking redress will get nowhere on his or her own." Only in a civil court of law with the representation of experienced counsel can an individual find a level playing field. Trials reveal the common safety concerns shared by the injured and the jury.
